

globalcarbontrax

grant application

Global Carbon Trax was formed with the belief that by working together as a global community we can come up with new and innovative ways to combat global warming. To accomplish this we need to focus on New Technologies that can replace old practices, which is why we believe in GCT's Grant Program. GCT's Grant Program is designed for individuals and business working on new or improved technology for carbon reduction practices, renewable energy sources and recycling technologies. We here a GCT are committed to helping fund promising new technologies that will enhance our world for generations to come.

ORGANIZATION NAME _____

Street/P.O. _____

City _____ State _____ Zip _____ Country _____
